Subject: USPS Rate change, FEDEX rate change, UPS rate change - WJS5 / WJS10/WJS20

**WJS5 / WJS10 Scale**

**Dear Hasler Scale User,**

The United States Postal Service, FEDEX and UPS are increasing their rates in the beginning of January 2008. Enclosed you will find your replacement rate module to update your WJS5, WJS10 or the new WJS20 scale to support the new rates.

Please do not install the new rate module until the new rates go into effect on January 8th, 2006 (for USPS). After the new rate module is installed, return the old rate module in the prepaid, self-addressed, padded envelope that arrived with the new rate module.

If you have any questions regarding the rate change or the replacement of the rate module, please contact your local Hasler dealer. Or as always, you can contact Hasler directly.
